ACADEMIC PROJECT

Sports Club Management System (01/2018 - 01/2018)

- Platform - J2EE.
- The Proposed Web Application was made to digitize sports-club activity in-order to access it anywhere, anytime.
- Members can login using username and password provided by Admin. If a member is a Admin, a Coach & a Player, he can shuffle his profile and will be given the accesses accordingly.
- Visitors can see sports played and upcoming matches in the club. On Creation & after completion of Match, the status of match is updated throughout the chain.
